LETTER OF DEFICIENCY WSEB #02-99
CERTIFIED MAIL #: 7099 3400 0018 5776 3056

Subject: Amherst - Public Water System: Salzburg Square (EPA #0076040)

Dear Mr. Molinaro:

The records of the Department of Environmental Services (DES) show that Salzburg Square water system is classified as a public water system (PWS), as defined by RSA 485:1-a. A PWS is defined as any water system supplying 15 or more services, or 25 or more people for 60 or more days per year. As such, the water system owner, is required to obtain a "permit to operate" from DES, in compliance with NH Admin. Rule Env-Ws 303.03. This permit is renewable on July 1 of each year. According to NH Admin. Rule Env-Ws 303.03(c), non-transient, non-community water systems shall pay a permit to operate fee of \$150 per state fiscal year.

DES records show that Salzburg Square has failed to pay for and obtain a permit to operate for state fiscal year 2003 and is, therefore, in violation of NH Admin. Rule Env-Ws 303.03.

This violation can be corrected by taking the following action:

By August 26, 2002, complete the permit application, make any necessary corrections to the "Contact Information Report," and pay the outstanding permit to operate fee of \$150.00 for state fiscal year 2003.

In the event compliance is not achieved, DES will take further enforcement action, including issuing an order requiring the deficiency be corrected, initiating an administrative fine proceeding and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

The permit to operate application, updated Contact Information Report, and fee should be sent to:
